NEW YORK

January 31, 2008

Mr. Carlos Gonzalez
President – Hilltop Homes
75 Harbor View
Newnan, GA 30263-7009

Dear Carlos;

My family and I owe a debt of gratitude to you that this letter could not possibly express! We would just like to thank you for all the long hard diligent work that you performed on my family's behalf in terms of renovating our new home in Arbor Springs in Newnan.

Linda and I are extremely pleased with the way you helped us expedite the remodeling of our new home. Your extensive experience was invaluable to us in obtaining the remodeling being done in a quick and efficient manner.

I have done business with many contractors in my life here in the northeast, but we have never had such a pleasurable and professional experience as we did working with you and your company.

You have always gone the extra mile to get things done right the first time and the work was always done in a very professional manner.

I guess there is nothing more I can say except if I know anyone looking for a professional contractor your name will be the first thing that comes to mind and If anyone wants to hear more good things about you and your professional work ethic please feel free to use me as a reference and you may furnish my home number to any prospective clients.

Sincerely,

James J. Chahalis
